The good people of Salem are to be congratulated upon this accession to their population, while we must regret the loss of so talented an artist. The family of the Professor accompany him, and we give them all a pleasant farewell, hoping they may be pleased with their new home. Their hosts of friends in our city will regret their departure.

TORRACO RAISING has been brought up to a science about here, and the farmer who does not understand the culture and curing of fine tobacco, would prosper better in confining his labors to the cultivation of a cereal crop. Lower grades hardly pay for raising, and the producer would do well to note this fact.

COUNTERFEITER.—A vendor or circulator of base coin was in town last week disposing of a quantity of spurious specie and buying up old silver spoons. The officers scented him, but he made good his escape. No doubt this fellow was one of a gang of villains passing through the country imposing upon the unwary. Beware! The spurious article has a greasy feeling.

TUESDAY EVENING, while the "Boss of the Mill Wagon" was sitting in one of the stores, admiring a pair of Arctic over-shoes with which had just encased his pedal appendages, a little girl, who was in the store at the time, asked him to have a lump of white sugar. THE CORONER'S INQUEST held over the body of Miss Meredith, agrees in the main with the circumstances as given by our Kernersville correspondent. For the Press.

A Protracted Gospel Meeting was held in Waughtown, in the old church, known as the free church for all white ministers of the gospel, from the 18th to the 27th of January, by Rev. W. C. Hamilton, a Protestant Methodist preacher. The Lord blessed his services with the conversion of a goodly number of people.

The church has been recently repaired and rendered comfortable, and the citizens of Waughtown return their sincere thanks to the friends in Salem, Winston, and the surrounding country for their liberal contributions in aid of repairing the old church.

There is also a prosperous Sunday School in this church, in which Baptists, Methodists, and other denominations take a lively interest.

LEWISVILLE ITEMS.

LEWISVILLE, N. C., Feb. 4, 1878.

James Walker, a lad, was accidentally shot at the residence of John Murry, near Lewisville, on Saturday last. It appears that a gun had been left standing in the house, by some one, when a dog, by some means, threw it down, the hammer striking some object, causing it to discharge its contents, the ball entering the hip joint of young Walker and passing upwards, probably lodging in the bowels. At last accounts he was in a very critical condition, not expected to live.

The Public Schools in this township will close toward the last of the month.

I learn that the school at Warner's School-house taught by J. P. Binkley, Esq., and the school at Blackburn's School-house, taught by Mr. James H. Courad, will close with entertainments.

The merchants of Lewisville, Mr. E. M. Wright and Mr. L. W. Springs, have done considerable trading in corn this winter.

I learn that a beet was raised by the family of Jonas Warner, the past summer, that weighed 8 pounds. Who can beat (beat) that?

Yours, Truly,

D. A. B.

MARRIED.

On the 31st of January, at the residence of Mr. Allen Lowery, the bride's uncle, by Eld. Wm. Turner, Miss Lydia A. Moore to Mr. Walter J. Benbow, both of Guilford County.

DIED.

Near Kernersville, on January 29th, Mrs. HANNAH STAFFORD, wife of Rev. Zaddock Stafford, in the 70th year of her age.

Near Clemmonsville, Davidson County, on January 24th, Mrs. CATHERINE WHARTON, relict of the late Dr. Wharton, after a short illness.

For the Press.

MARY ANN MEREDITH, about 40 years of age, daughter of Bradley Meredith, living about a mile below the Kernersville depot, was run over by the train on Saturday morning, the 2nd inst., and killed.

It seems, as the train came in sight, running on a down grade, she noticed from the house, as they lived right at the road, one of their pigs on the track, and got over the fence and ran across the track driving it away, when her dress was caught by the cow-catcher, throwing her down, dragging her about thirty feet, and leaving her on the road side. Of course the train could not be stopped immediately, but as soon as possible the engine was reversed and all made to town for a physician for the unfortunate sufferer. But on the arrival of the physician and a number of others, life was extinct. She leaves an old father and mother and a little girl who were dependent upon her to some extent at least, (as she received something from the county) towards their support. They are certainly to be pitied, for their main prop is gone. Under the circumstances, no blame can be attached to any one connected with the road. Some one said that Capt. Cretchfield looked the very picture of despair when he came back to get help for her.

"German Syrup."

No other medicine in the world was ever given such a test of its curative qualities as Boese's German Syrup. In three years two million four hundred thousand small bottles of this medicine were distributed free of charge by druggists in this country to those afflicted with Consumption, Asthma, Croup, severe Coughs, Pneumonia and other diseases of the Throat and Lungs, giving the American people undeniable proof that German Syrup will cure them. The result has been that Druggists in every town and village of the United States are recommending it to their customers. Go to your Druggist, and ask what they know of it. Sample bottles 10 cents. Regular size 75 cents. Three doses will relieve any case.

CARPETS, CARPETS,

CARPETS.

THE people of this vicinity have long felt the necessity of having a larger and better assortment of Carpets to select from than has ever been kept in the place before. That need is now fully supplied. We have secured the exclusive use of

Richardson's Carpet Exhibitor,

A WONDERFUL INVENTION

for showing Carpets; a brief description of the use of which we give below.

With the use of the CARPET EXHIBITOR, we show from a Sample just how the Carpet looks on a very large room, multiplying the Sample a thousand times, matched and shown as perfect as when the carpet is made up and nailed upon the floor. In this way we are now prepared to show you a

NEW YORK WHOLESALE STOCK.

We have made special arrangements with one of the Largest Houses in New York, to fill all our orders for Carpets, and will show you a larger assortment, to select from than has ever been kept outside of a wholesale house.

We keep samples of all

NEW AND DESIRABLE PATTERNS,

which are not kept in stock outside of large cities. This way of buying Carpets has now become popular, and we show what you would otherwise have to go to New York to find.

We can sell as cheap for cash as you can buy for cash in New York, and there being no remnants to take off the profits, we are enabled to sell on a very small commission, and most respectfully invite the public to examine our stock, and satisfy themselves.

IF YOU WANT A CARPET

of any dimensions, bring a correct measure of your room and we guarantee to suit you. Please call and see us, whether you wish to buy or not, as it is no trouble to show goods.
